

## **The Harford County Farm Fair Antique Tractor Pull Rules**

This pull, as a part of the Harford County Farm Fair, is conducted to demonstrate the pulling ability of the old tractors and for the entertainment of the spectators. We expect this to be a friendly competition and anticipate all owners and operators will maintain that attitude at all times.

### **Rules for 2007 Antique Tractor Pull**

1. Registration will open June 1, 2007 and close after 75 tractors have been entered or on July 1, 2007, whichever ever occurs first.
2. All participants must reside within a 20-mile radius of the Bel Air Farm Fair location. Only one tractor may be entered per person and no more than 2 tractors may be entered per address.
3. All tractors must be weighed in by 5:00 p.m. on the day of the pull. Tractors must not have:
  - Rear tires that are more than one size wider than manufacturer's specifications.
  - Tire tread that has been cut -ground- or altered in any way other than normal field or road wear.
  - Wheels without rubber tires (iron or steel wheels).
  - Dual wheels.
  - Tire chains
  - All -Thread or bolts that extend beyond sidewall of tire.
4. The engine must be stock. We realize that with the age of these tractors, many engines will be over-bored. We rely on the integrity of the participants.
5. Tractors must have a belly-type draw bar and cannot be connected to the top control arms unless the control arms are made stationary and this was the only hitch provided by the manufacturer. Hitch and hitch components must be stock and the Safety Committee must approve modifications to stock components. Tractors using a fast hitch draw bar and not using the optional swing type belly draw bar must use a bolt on plate with two or more bolts and clamp the latches down with metal clamps or U- Bolts or a chain and bolt combination. All tractors must have a 3" or larger clevis attached.
6. All weights must be secured in a proper position. NO BUNGEE CORDS, ROPE, OR WIRE WILL BE PERMITTED. If any of your weights drop off during the pull, you will be disqualified.
7. All tractors must be equipped with a hood and grill, if standard.
  - If tractor is set up for four wheels, it must have four wheels and tires.
  - Standard components (frames, transmission cases, rear ends and housings, and front ends) may not be modified or substituted.
8. No governor string or wires are permitted. Tractors have to be operated under governor power and governor must be set to factory specifications.
  - Governors must be set to factory specified r.p.m.'s, but if checked, will be allowed a 10 % excess.
  - All operators are responsible to have their tractors checked for r.p.m.'s. Track official has the option to have the r.p.m.'s checked before the tractor leaves the track.
9. The top of the draw bar must be no higher than 20 inches from the ground and the hitching point no less than 19 inches from the center of the axle, unless the stock factory draw bar is higher.
10. Rear ends and transmission gears must be stock, per factory specifications.
  - After a participant has begun his or her pull, shifting of gears or changing ratios of power transmission are forbidden.
11. Before hooking tractor to the sled, the tractor must be in neutral and the driver must raise his/her hands in the air. Driver is to remain in this position until the person hooking the sled to the tractor indicates the hook-up is completed.
  - Allowances will be made for a tractor with a hand clutch and /or hand brakes allowing the operator to use one hand.
12. All pulls are to be started from a tight hitch. NO JERKING! No part of the tractor may interfere with the sled or the sled hitch during the pull.
13. Tractor tires must stay within the marked boundaries of the course or you will be disqualified.

14. Drivers must be properly dressed -this includes shirts, blouses, pants and leather shoes.
15. Contestants will be allowed a second attempt if he or she does not pull beyond the 75 foot mark.
  - Pull-offs are allowed one attempt only.
16. First puller in each class is a test puller and has the option to drop to third position. Driver must tell track official before leaving the track if he/she wants to pull in third position. Test puller may return in third position if disqualified for out-of-bound or dropped weights in first attempt.
17. The only fuels permitted are gasoline, diesel, LP gas and kerosene. No OTHER FUELS ARE PERMITTED.
18. The track official has the right to inspect any and all tractors while on the track. The Safety Committee has the right to inspect any and all tractors at any time.
19. Track official and the Safety Committee have the authority to enforce rules and all decisions are final.
20. At the pass distribution meeting prior to the event, numbers will be drawn for pull line up. Any absent puller will have a number drawn for them.
21. After track official (flagman) indicates the sled is ready, contestant has three minutes to position tractor for hook-up.
22. Tractors are classed for pulling by weight and year of manufacture. To enter a class competitively, the tractor plus drivers weight must not exceed the weight for the class they are pulling.

Antique (1952 or older)	Historic (1959 or older)
3,000 lb.	4,000 lb.
4,500 lb.	5,500 lb.
5,000 lb.	8,000 lb.
6,000 lb.	10,000 lb.
8,000 lb.	12,000 lb.
10,000 lb.	

- The weight includes permanently attached (bolted) wheel weights and front frame weights. If that weight does not match a class, you may add weight to make the next class. You may exceed a weight class by 100 pounds if that weight does not include any temporary weights. The track official reserves the option to require the tractor to be weighted immediately after the pull is completed, before the tractor leaves the track.
23. In an event where a sufficient number of tractors have not registered, the board reserves the right to provide the opportunity for tractors to pull in two classes.
  24. Where safety or damage to equipment is not applicable, these rules usually will not be enforced if a tractor is not pulling competitively.
  25. Tractor operator must be 16 years of age or older with proper ID and be able to operate all tractor controls from a seated position.
  26. Duration of Pull: Anytime tractor is hooked to the sled.
  27. Track official must tell the puller the status of pull before tractor is unhooked.
  28. Tractor operators, officials and track workers may not be under the influence of alcohol or drugs before or during the pull.
  29. NO RIDERS ON TRACTORS AT ANY TIME ON THE GROUNDS OF THE FAIR.
  30. Anyone found sabotaging someone else's tractor; will be fined \$500.00 and not allowed to participate in the event.
  31. PROTEST OF RULES: Protester must submit in writing, along with his \$100.00 non-refundable protest fee to the Protest Committee (Safety committee and Executive Board) during the day of the violation. The Protest Committee will render a decision in writing, if possible, no later than 15 days after the protest.
  32. Use of road gear is not permitted on the fair ground at any time.
  33. Operators must remain seated on tractor while it is running!
